

TESTIMONIALS

"I've used Bell Builders on numerous projects, large and small. I've always been more than happy with the results. Cade Bell is a talented, hard-working, ethical builder with so many skills and surprising strengths. Besides having all the needed construction abilities, he is a visionary thinker, constantly searching for new ideas and solutions. He seeks ways to save money for the customer, make the project more artistic, more space and energy efficient, more user-friendly. His suggestions have been invaluable to me. I trust him and his judgment completely and would recommend him as a first-rate go-to contractor!"

-- Kim T

*"As good as it gets, for big jobs, to smaller jobs. Bell builders (Cade, owner) has remodeled bathrooms for me (apt building here in Santa Cruz) a few years ago (c. 2008-9) which involved tearing out antique fiberglass shower units, new flooring and tiling etc and just recently for me personally replaced my vanity, faucet and floor (July 2013). Knowledgeable, professional and personable, reliable, ethical, fair, talented and determined and solution-oriented, this is the one to get in touch with! You will **ALWAYS** be in great hands if you decide for this business—he will let you know if there is wood rot before proceeding further!"*

BELL BUILDERS

Quality from Start to Finish

Decks and the Outdoors

QUALITY FROM START TO FINISH

WHAT WE DO

Bell Builders will work with you to add an addition, remodel, or repair your current property. We will work with existing material or order the materials you prefer. We are committed to excellence. We provide quality workmanship that will make you proud of your home. We walk you through your project with professionalism and the personalization you can depend on.

BEFORE & AFTER

WHY OUR PRODUCTS/ SERVICES ARE THE BEST

At Bell Builders, we use *local* vendors for the materials needed to complete your project. Our company works well with any product the client requests. We can also recommend safer, longer lasting products to make your decisions much easier. Achieving the satisfaction of your safety and happiness is our main goal!

From cedar to tile, composite decking to concrete, and more, we will make your dreams come true. We do custom designs and make sure you are informed and understand the process every step of the way. A deck or other outdoor feature is multifunctional and adds architectural accents to your home!
