

WHAT WE DO

Serving Santa Cruz County and more, with honesty and integrity since 1999.

We do decks, media rooms, kitchens, bathrooms, whole-house remodels, additions, repairs, handyman services, tile work, retaining walls/drainage systems, and outdoor apparel for all budgets.

We help you design and layout your project from start to finish!

Quality from Start to

Finish

INDOOR & OUTDOOR KITCHENS

Your kitchen can be the heart of your home and it will increase the value of your house. Bring an older kitchen up to date with a complete remodel, or renovate your existing kitchen to suit your needs. Your kitchen works best when it's beauty is accompanied by efficient workspace. Plus, it is something you will notice and enjoy every day!

BATHROOMS

When you want to increase the value of your home immediately, there are few better ways to do it than with a newly added or renovated bathroom. Dollar for dollar, this kind of project is hard to beat. Customize your bathroom with a shower bench seat, walk in tub, warm floors, or a new vanity! A fresh, up to date bathroom has an impact on the beauty, comfort and utility of your everyday life.

ADDITIONS & REMODELS

Remodling and additions are Bell Builders specialties. We walk you through the design, permit and building process. We will help you transform what you already have into what you need or want. Present an idea, and we will make it happen!
